Change In State (Update Time Goal)

The diagram illustrates the process of updating a time goal in a YouTube-style interface. It consists of two screenshots connected by a red arrow.

Top Screenshot: The interface shows the "Create New Entry" form. A modal titled "Edit Goal" is displayed, showing the current goal time as "9:00". Below the time input is a red "Save" button. A red arrow points from the "Save" button to the "Create" button on the main form.

Bottom Screenshot: The interface shows the "Create New Entry" form. The "Date" is set to "9/14/23". The "Goal" is set to "9:00", which is circled in red. The "Auto Stop" toggle is turned "ON". A red "Create" button is at the bottom.
